

The Information Catalyst for Aviation Services

AIRPORTS

**Extra-Aviation Services
in an Integrated Airport
Environment**

ENVIRONMENT

**Routes Analysis for Fuel
Consumption Optimisation
and Pollution Awareness**

HEALTH

**Aviation Related
Disease Spreading**

PEOPLE

**Enhancing Passenger
Experience**

ICARUS ADVANTAGES

A one-stop shop data repository

For discovery of native,
extra and derivative
aviation data assets

A trusted analytics sandbox

To link and gain insights
into private, confidential
and external data

A data brokerage platform

enabling new forms of
data sharing based on P2P
licensing schemes
